

## 2025 FX HO

The FX HO is an outstanding choice for touring relaxation or sporty thrill-seekers. If you are looking for a personal watercraft that promises to provide the ideal balance of performance and comfort and a variety of features designed to increase riding pleasure, then you will love this WaveRunner. You'll fall head over heels in love with this sophisticated-looking machine in an understated black with the subtlest of aqua highlights details.

### **All-round amazing.**

The new bold 1,898cc engine, with its high-pressure fuel pump and intelligent electronic throttle control system, delivers smooth, powerful and efficient performance. The elegant hull and lighter-weight NanoXcel2® deck, combined with the remarkable RiDE® system, promise the most comfortable, stable handling you've ever experienced.

The FX HO is a true all-rounder, with features like the brand-new seven inch Connex® display with security and Enhanced Drive Control Modes, No Wake Mode and Cruise Assist, luxury seating for three, a large, stable swim platform, an extra deep re-boarding step, dual grab handles, plenty of storage space that guarantee top-notch experience alone, with your partner, family or friends.

# 2025 FX HO - BITNE KARAKTERISTIKE

## Aerodynamic shape

The capable hull of the FX HO model cuts through the water, providing stability on any trip. Impressively rigid and robust, it gives these machines awesome on-water performance with stunning acceleration, high top speed, great economy and an even more comfortable ride.

## Ride your way

Ride the way you want. Pop your handlebar up and stay standing in rough waters, head for the middle ground for an ultra-comfortable cruising experience, or go low when you're ready to race. Your screen is also adjustable, so you can change the performance and appearance to be a perfect match for whatever adventure you're on.

## Luxury, comfort, footwell drainage and easier re-boarding

From four-step, tilt-adjustable steering to a luxury three-person cruiser seat; from practical handlebar tie points to a large swim platform with a deeper, wider, softer, more comfortable step and dual handles for re-boarding; the FX HO really does have it all. It even has an industry-first footwell drainage system.

## RiDE® system (Reverse with intuitive Deceleration Electronics)

The revolutionary RiDE® system transforms your riding pleasure, bringing a feeling of confidence to every rider at every level. Simply pull the throttle lever on the right hand-grip to move forward and accelerate, pull the lever on the left grip to slow down or to reverse.

## Enhanced Drive Control Modes

Intuitive riding experience through the new Connex® display featured Enhanced Drive Control Modes: Economy, Towing, Performance, Comfort, and Custom. The last allows you to pre-set a top-speed limit and an acceleration curve, making it the perfect partner for novice riders. Set a steady speed on longer trips for maximum economy.

## Simple and sports-ready

The tow hook offers a higher tow point, which enables a new level of exciting water sports action. It's also easier to access, removes the need for a towing bridle and offers tidy tow line storage beneath.

## High Output, DOHC, 16V, 1,898cc engine

Power delivery from the large displacement, High Output 1,898cc engine is exhilarating, and the hyper-flow jet pump with its three-blade impeller helps turn that power into electrifying acceleration. The Electronic Fuel Injection (EFI) gives the smoothest possible power output and efficient, economical running, even on regular unleaded fuel.

## Complete control, minimal effort

Our sophisticated electronic control system will delight you with its clever features. Use Cruise-Assist to set and maintain exact speeds, the three-position No Wake Mode to navigate through low-speed areas, and electronic Reverse-Assist and T.D.E. (Thrust Directional Enhancement) for ultra-low speed manoeuvring and docking.

## Unique, simple-to-use security system

With this innovative system there's no separate remote control to worry about. Just use a PIN code to set and unset your security and control modes via a touch on the Connex® display screen.

### **Seven inch colour touch screen display**

See the bigger picture in full colour on the largest screen we offer on a WaveRunner. It's GPS map-ready and complete with smartphone synchronisation.
