

## 2024 FX SVHO

Bring a big grin to your face as you get your heart racing and conquer the waves with the latest FX SVHO in the striking Black Solid colour. Be ready to supercharge adventures your way in adrenaline-pumping luxury and performance, the two distinctive sides of this outstanding powerful 3-seat touring WaveRunner.

### Supercharge your adventure.

Don't compromise on comfort or performance. The supercharged SVHO engine and capable hull are a perfect double act – smooth, impressive power, coupled with stable, agile handling for a supremely comfortable ride.

Cutting-edge technology and innovation are fully packed in this astonishing design - with our revolutionary and intuitive RiDE® control system, adaptive electronic trim, Cruise Assist and integrated security feature. The FX SVHO now also comes with an integrated audio system, so you can soak up your favourite summer tunes in style.

# 2024 FX SVHO - BITNE KARAKTERISTIKE

## RiDE® system (Reverse with Intuitive Deceleration Electronics)

The revolutionary RiDE® system transforms your riding pleasure, bringing a feeling of confidence to every rider... at every level. Simply pull the throttle lever on the right hand-grip to move forward and accelerate - pull the lever on the left grip to slow down or to reverse. Yes, it's really that simple!

## Unique simple-to-use security system

With this innovative system there's no separate remote control to worry about - just use a PIN code to set and unset your security and control modes via a touch on the Connex® display screen.

## Multi-Mount accessory system

Wouldn't you like to have a way to take your chosen accessories with you when you set off for a day on the water? The Multi-Mount system means you can take your GPS/fish finder. Or maybe your GoPro. Or even your cup of coffee ... securely mounted to the great-looking body of the FX.

## 30% more storage for even bigger adventures

We've designed around 30% more easy-access storage into our FX models - so your adventures can be longer and take you further. There are cleverly integrated, practical storage solutions all around: a very large watertight glovebox compartment, generous storage under the seats, at the bow and stern.

## Supercharged, DOHC, 16V 1,812cc engine

The amazing SVHO® (Super Vortex High Output) engine produces smooth, flexible power and features highly efficient cooling and air intake systems as well as strong engine internals. The large Hyper-Flow jet pump helps turn that power into electrifying acceleration - and the Electronic Fuel Injection (EFI) provides smooth and efficient power output.

## 7-inch colour touch screen display

See the bigger picture in full colour on the largest screen we offer on a WaveRunner. It's GPS map-ready and complete with smartphone synchronisation.

## Comfort, footwell drainage - and easier re-boarding

From tilt-adjustable steering to a 3-person seat, including a large swim platform with a deeper and wider step and dual handles for re-boarding, the FX model really does offer more comfort. Plus an industry-first footwell drainage system.

## Aerodynamic shape

The capable hull of the FX model cuts through the water, providing stability on any offshore adventure. Impressively rigid and strong, it gives these machines awesome on-water performance with stunning acceleration, high top speed, great economy - and an even more comfortable ride.

## Integrated audio system takes your tunes on the water

Enjoy stand-out speaker sound whilst their design blends seamlessly into the lines of the WaveRunner. The speakers are ideally positioned in the footwells and controlled from an easy-access panel next to the handlebar. A low-voltage regulator is fitted to protect the battery.

## Enhanced Drive Control Modes

Intuitive riding experience through the new Connex<sup>®</sup> display featured Enhanced Drive Control modes: Economy, Towing, Performance, Comfort, and Custom. The last allows you to pre-set a top-speed limit and an acceleration curve, making it the perfect partner for novice riders. Set a steady speed on longer trips for maximum economy.

# 2024 FX SVHO - TEHNIČKA SPECIFIKACIJA

## Engine

Engine type	Supercharged 4-cylinder, 4-stroke, Super Vortex High Output Yamaha Marine Engine
Lubrication system	Wet sump
Supercharger	Yes
Displacement	1,812cc
Bore x stroke	86mm x 78mm
Compression ratio	8.5 : 1
Pump Type	160mm axial flow
Fuel	Unleaded premium Gasoline
Fuel supply system	Electronic Fuel Injection
Fuel capacity	70L
Oil capacity	5.3L

## Dimensions

Length	3.58m
Width	1.27m
Height	1.23m
Dry weight	396 kg

## Features

Storage Capacity	168.3L
Rider capacity	1-3 persons

## Ograničenje opterećenja

Storage Capacity	168.3L
Rider capacity	1-3 persons
