

2026 NMAX 125

Equipped with a compact body and powerful dual-eye headlights, the latest generation NMAX 125 is your best possible introduction to Yamaha's legendary MAX Sport Scooter family. Combining dynamic style with outstanding functionality and affordability, NMAX 125 is built for work and play.

Join the MAX.

If you're new to the world of Sport Scooters you can rest assured that the NMAX 125 is the right choice for everyone from B-license* car drivers through to returning two-wheel riders. Fully automatic transmission means you just twist the throttle and go – and its lively performance and outstanding economy make the NMAX 125 your perfect partner for everyday commuting. (*Limitations and restrictions may apply per country under applicable laws. Additionally, Yamaha recommends all riders to take a motorcycle training course before riding any two or three wheeled vehicles.)

The riding position ensures premium comfort whether you're heading to the office or meeting up with friends – and the connected LCD dash and USB-C charger keep you in touch. With its iconic MAX style, premium quality and exceptional value, the NMAX 125 Sport Scooter offers you more.

2026 NMAX 125 - BITNE KARAKTERISTIKE

Dynamic MAX-inspired design

The NMAX 125 features a dynamic look and premium finish that's inspired by Yamaha's class-leading MAX family of Sport Scooters. The compact bodywork underlines this lightweight scooter's agility and sporty DNA, making it the perfect choice for riders looking to be a part of the iconic Yamaha MAX family.

Dual-eye projector headlights

Yamaha's top-selling lightweight features a dynamic MAX-inspired headlight design that underlines its position as one of the most attractive entry level Sport Scooters. Featuring distinctive dual eyes, the headlight is equipped with projector high/low beams as well as LED position lamps and integrated LED flashers for a stronger, sportier and more assertive image.

LED taillight

NMAX is equipped with a stylish LED taillight and brake light as well as integrated LED flashers that give this premium lightweight Sport Scooter a dynamic and contemporary look.

125cc EURO5+ engine

Equipped with the latest Yamaha Blue Core technology that ensures minimal fuel consumption, reduced emissions and optimum performance, the 125cc 4-stroke EURO5+ engine delivers strong, smooth and quiet acceleration for easy and enjoyable commuting. Giving a long riding range between fuel stops, this entry level Sport Scooter is perfect for work and play.

Start & Stop system

The NMAX 125's quiet and economical 125cc Blue Core engine complies with EURO5+ regulations, making it suitable for urban low emission zones. And to ensure that this Sport Scooter's carbon footprint is minimised, it's equipped with a Start & Stop system that turns the engine off when you come to a standstill and automatically starts up when you let the brakes off and twist the throttle.

13-inch wheels, disc brakes with ABS

The NMAX is fitted with lightweight 13-inch wheels with a 110/70-13 front tyre and wide 130/70-13 rear tyre that give plenty of traction. And for confident braking there's a 230mm front disc and 230mm rear disc, both equipped with an ABS system that inhibits accidental wheel lock ups on low traction road surfaces.

Easy ergonomics

NMAX 125 is the kind of Sport Scooter that is designed to adapt to your riding style. Its spacious footboards and accessible 765mm seat height give you a range of riding positions to suit your physique, and the front fairing and screen deflect wind for a stress-free ride. From urban commuting through to catching up with friends, this premium Sport Scooter's easy ergonomics make every trip a pleasure!

Underseat storage

Under the contoured dual seat there's a handy storage space that can accommodate a helmet, depending on size and shape. It's also the perfect place to carry personal belongings, gym gear or groceries, making the NMAX 125 a truly versatile entry level Sport Scooter that gives you the ultimate mix of performance, style and functionality.

USB-C charger and front pockets

The NMAX has two front pockets to store items within reach. The left open pocket features an USB-C charger to keep your battery topped up. The right pocket has a weatherproof lid which is the perfect place to carry your keys or wallet.

Smart Key keyless ignition

No more keys to worry about with Yamaha's Smart Key keyless ignition! Just make sure the Smart Key is in your bag or pocket and you can turn your NMAX on – making the whole process easier and quicker.

Smooth suspension

For a confident and enjoyable ride on a variety of road surfaces the NMAX is equipped with smooth action telescopic front forks giving 100mm of wheel movement – and at the rear end there's 91mm of wheel movement for rider and passenger comfort. So whether you're in town or on the highway you can expect a comfortable ride.

Connected LCD dashboard

The stylish 4.2-inch LCD dash provides you with clear information that keeps you informed with key data. After downloading the MyRide app to your smartphone, the scooter's Communication Control Unit (CCU) enables you to view notifications of incoming calls, emails and SMS messages on the dash. And you can also access a range of riding and technical data on your smartphone.
