

2026 XMAX 125 Tech MAX

If you're looking for one of the most stylish and efficient ways to get into the city and you've got a B-license*, the XMAX 125 Tech MAX is just waiting to be discovered at your local Yamaha dealer. Equipped with the latest user-friendly tech and driven by a responsive EURO5+ engine, this premium model is Yamaha's ultimate Sport Scooter. (*Limitations and restrictions may apply per country under applicable laws. Additionally, Yamaha recommends all riders to take a motorcycle training course before riding.)

Experience the MAX.

Its exclusive specification includes an electronically adjustable screen for ultimate wind protection. The stylish dashboard gives full connectivity, enabling you to access free Garmin navigation via smartphone as well as calls, messages, music and more – and dedicated Tech MAX colours with exclusive bodywork features reinforce the high-end image.

Dynamic sports bodywork with full LED lighting ensures that the XMAX 125 Tech MAX stands out in the crowd. Its good looks are backed up functional features including spacious under seat storage for two helmets* – as well as a fuel saving Start and Stop system, Smart Key keyless ignition and a USB Type C socket. (*Depending on their size and shape.)

2026 XMAX 125 Tech MAX - BITNE KARAKTERISTIKE

Electrically adjustable screen

MAX models are renowned for their extremely comfortable ride quality, and the XMAX 125 Tech MAX is equipped with an electronically adjustable screen that gives effective wind protection. With 95mm of range, this screen can be raised and lowered at the push of a switch on the left handlebar to suit different riding styles and physiques. The integrated flashers are also designed to give efficient wind protection for the rider's arms, and the fairing and spoiler help to eliminate wind buffeting.

Premium Tech MAX finishing

All over this premium Sport Scooter you can see a wide range of special features and details that are exclusive to the Tech MAX line. The spacious footboard area is equipped with aluminium footplates, and the mirrors and grip ends highlight this scooter's excellent build quality. There's also a special lid on the front storage compartment, and Tech MAX emblems complete this class-leading package.

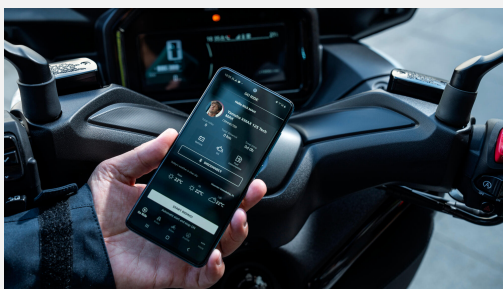

Dedicated Tech MAX colouring

As well as its higher specification and array of special equipment and refined style, the XMAX 125 Tech MAX is also offered in dedicated colours that reinforce its position as the premium Sport Scooter in the class. Whether you select Ceramic Grey or Crystal Graphite, you can be sure that your new Tech MAX is going to generate that feel good factor and exceptional pride of ownership every time you ride.

4.2-inch full colour TFT instruments

Day or night, commuting into the city or enjoying a weekend ride, the stylish Tech MAX dash gives you clear information. Featuring a 4.2-inch full colour TFT display on the right side and the 2.8-inch LCD readout on the left, the latest instrumentation gives you a wide range of machine running data and information on the various connectivity functions.

Smartphone connectivity

When you're riding the XMAX 125 Tech MAX it's easy to stay connected with friends, family and work colleagues via the free MyRide app. Your smartphone and the machine establish a Bluetooth connection to receive calls and messages – as well as listen to music and access a wide range of information and more through the 4.2-inch colour TFT display.

Onboard navigation system via smartphone

The easy to read 4.2-inch full colour TFT infotainment screen supports free Garmin navigation* via smartphone. Simply set your destination and the intuitive system enables access to real time traffic information, distance left, estimated time of arrival and more – making every journey easier and more enjoyable. (*The navigation app will not be available in some countries. Information on speed limits, traffic, etc., is not provided in some countries and regions. Speed limit data may also not be updated in a timely manner and speed limits may change depending on the time of day, such as in school zones or around construction sites.)

Dynamic body design

Every model in the iconic Yamaha MAX family is directly related to the legendary TMAX Maxi Scooter that has established a cult status throughout Europe. From the boomerang side motifs through to the angular bodywork and dual LED headlights, everything about the dynamically styled XMAX 125 Tech MAX is shaped by pure MAX DNA.

Radical X-shaped headlight

MAX models are constantly pushing at the boundaries of sports styling and bringing advanced motorcycle design and technology to the Sport Scooter world. Featuring a dramatic X-shaped LED headlight and position light configuration that perfectly matches the dynamic bodywork, the XMAX 125 Tech MAX brings a bold and futuristic look to the street.

High-mounted front flashers

The high-mounted flashers are positioned to be clearly visible to other road users when you're filtering through dense traffic conditions. The covers surrounding the flashers are closely integrated with the electronically adjustable screen for effective wind protection for the rider's arms.

Full LED lighting

Just about everywhere you look on the XMAX 125 Tech MAX you will see further evidence of its premium specification. A prime example of this Sport Scooter's high build quality is the X-shape LED headlight and LED position lights, complemented by the twin LED taillights with integral rear LED flashers.

Comfortable ergonomics and leather style seat cover

The combination of a natural riding position with a sculpted dual seat, large footboard area and tall electric screen ensure superb comfort – whether you're going solo or carrying a passenger. And another Tech MAX exclusive is the seat's graphite accent stitching, leather style seat cover and leather style compartment lid covers.

Storage for 2 helmets

With this Sport Scooter you can expect premium style with everyday functionality, and the spacious storage compartment under the seat can accommodate 2 helmets* when parked. When you're on the move this space is also suitable for carrying everything from gym gear to personal items. (*Depending on their size and shape.)

EURO5+ Blue Core 125cc engine

The 125cc liquid-cooled engine has been developed using Yamaha's advanced Blue Core technology that ensures optimum power with minimal fuel consumption. With its broad spread of user-friendly performance the latest EURO5+ engine gives you smooth and seamless acceleration for fast and efficient daily commuting.

Traction control system (TCS)

XMAX 125 Tech MAX is equipped with a Traction Control System that instantly reduces driving force if rear wheel spin is detected. The system is programmed with gentle intervention characteristics, giving a sense of confidence and controllability when you're riding on wet or slippery surfaces – making every ride enjoyable.

Smart Key keyless ignition

Anything that makes each day simpler has got to be good! Keyless ignition allows you to unlock and start your XMAX 125 Tech MAX and also enables access to the fuel and storage compartments as long as you're carrying the Yamaha Smart Key. You can also locate your scooter in a busy car park by pressing the Smart Key's remote button – and a USB Type C socket powers and charges devices.
