

2026 JetBlaster LTD

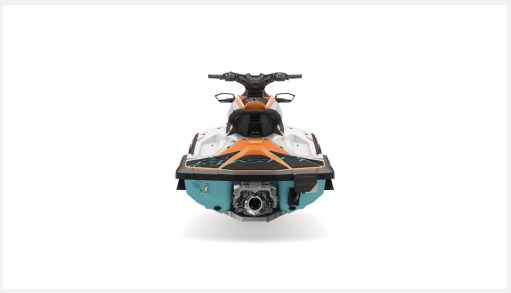

Unapologetically playful, the JetBlaster LTD brings adrenaline, agility, and LTD styling to the water. Designed for freestyle riders, it’s compact, lightweight, and perfectly powered by Yamaha’s 1049cc TR-1 High Output engine.

Freestyle power, serious attitude.

Precision control comes from RiDE® technology, T.D.E, and an electric trim system with Performance Auto Trim while a custom-cut deck and watertight glove box deliver on utility and usability.
With bold colourways, the JetBlaster LTD is fun redefined; ready to blast beyond the ordinary.

2026 JetBlaster LTD - BITNE KARAKTERISTIKE

TR-1 High Output Engine

Yamaha’s lightweight, compact 3-cylinder TR-1 High Output marine engine delivers an explosive power-to-weight ratio, ideal for tricks, carving and quick take-offs.

Electric trim and auto trim

Adjust trim manually or let Performance Auto Trim take over. Automatically corrects pitch during acceleration and tight turns for extra control while freestyling.

Freestyle ergonomics

Raised handlebars, single-piece seat and grippy custom deck mats give riders the control, leverage and agility needed to throw tricks and handle hard transitions.

RiDE® with T.D.E.

Exclusive to Yamaha, RiDE® gives you reverse, acceleration and deceleration in one intuitive system, while T.D.E allows for ultra-slow movement and easier launching or docking.

Minimalist utility

A watertight glovebox and water-resistant under-seat storage offer compact convenience. Add in a tow hook and maintenance-free battery for all-day functionality.

4.3-inch Connext display

The compact Connext screen keeps your ride dialled in with fuel, trim and mode information in a clear, secure display built for freestyle.

2026 JetBlaster LTD - TEHNIČKA SPECIFIKACIJA
