

FX Cruiser HO

Izuzetan FX Cruiser HO daje vam dalji skok u luksuzu i performansama. Zahvaljujući savršenoj kombinaciji dizajna i tehnologije, vaši dani na vodi će biti još opušteniji i prijatniji, sami ili u društvu, ovaj model će proširiti vaše horizonte vožnje.

Proširite svoje vidike.

Osetite snagu HO motora od 1812 ccm. Istražite agilno i stabilno rukovanje elegantnim i laganim dizajnom NanoXcel, uparenim sa revolucionarnim nivoom intuitivne kontrole koji pruža naš ekskluzivni sistem RiDE i potpuno elektronski sistemi za nadzor i kontrolu. Neće biti povratka! Vaše istraživačko putovanje se nastavlja dok istražujete izvanredne elektronske sisteme za gas i obloge, kontrolu vuče unazad, režim bezbednosti i niz drugih karakteristika: proširena krmena platforma, podesivi volan, sedište za krstarenje za 3 osobe, kopče ... svetsko zadovoljstvo u krstarenju.

FX Cruiser HO - BITNE KARAKTERISTIKE

Aerodynamic Shape

The capable hull of the FX model cuts through the water, providing stability on any offshore adventure. Impressively rigid and strong, it gives these machines awesome on-water performance with stunning acceleration, a higher top speed, greater economy, and an even more comfortable ride. Pair this with a lightweight NanoXcel2® deck and you've got all you need for incredible adventures.

Luxury, comfort, footwell drainage - and easier re-boarding

From four-step, tilt-adjustable steering to a luxury three-person cruiser seat; from practical handlebar tie points to a large swim platform with a deeper, wider, softer, more comfortable step and dual handles for re-boarding; the FX Cruiser really does have it all. It even has an industry-first footwell drainage system.

Enhanced Drive Control Modes

Intuitive riding experience through the new Connex® display featured Enhanced Drive Control modes: Economy, Towing, Performance, Comfort, and Custom. The last allows you to pre-set a top-speed limit and an acceleration curve, making it the perfect partner for novice riders. Set a steady speed on longer trips for maximum economy.

High Output, DOHC, 16V, 1,898cc engine

Power delivery from the large displacement, High Output 1,898cc engine is exhilarating – and the Hyper-Flow jet pump with its 3-blade impeller helps turn that power into electrifying acceleration. The Electronic Fuel Injection (EFI) gives the smoothest possible power output and efficient, economical running, even on regular unleaded fuel.

7-inch colour touch screen display

See the bigger picture in full colour on the largest screen we offer on a WaveRunner. It's GPS map-ready and complete with smartphone synchronisation.

30% more storage for even bigger adventures

We've designed around 30% more easy-access storage into our FX models - so your adventures can be longer and take you further. There are cleverly integrated, practical storage solutions all around: a very large watertight glovebox compartment, generous storage under the seats, at the bow and stern.

Unique simple-to-use security system

With this innovative system there's no separate remote control to worry about - just use a PIN code to set and unset your security and control modes via a touch on the Connex® display screen.

Integrated audio system takes your tunes on the water

Enjoy stand-out speaker sound whilst their design blends seamlessly into the lines of the WaveRunner. The speakers are ideally positioned in the footwells and controlled from an easy-access panel next to the handlebar. A low-voltage regulator is fitted to protect the battery.

Take your adventure in a new direction

Go on bigger, better journeys as Cruise Assist allows you to go further in more comfort. Water skiers or wakeboarders will love the constant speed, delivered with minimal effort. No Wake mode allows you to go anywhere, exploring hidden quiet coves or harbours with ease.

Complete control, minimal effort

Our sophisticated Electronic control system will delight you with its 'intelligent' features. Use Cruise-Assist to set and maintain exact speeds, the 3-position No Wake mode to navigate through low-speed areas - and electronic Reverse-assist and T.D.E. (Thrust Directional Enhancement) for ultra-low speed manoeuvring and docking.

RiDE® system (Reverse with intuitive Deceleration Electronics)

The revolutionary RiDE® system transforms your riding pleasure, bringing a feeling of confidence to every rider... at every level. Simply pull the throttle lever on the right hand-grip to move forward and accelerate - pull the lever on the left grip to slow down or to reverse. Yes, it's really that simple!

FX Cruiser HO - TEHNIČKA SPECIFIKACIJA

Motor

Tip agregata	4- cilindarski, 1.9 Liter High Output, 4-takta, DOHC, 4-ventila
Kompresor	-
Zapremina	1898 cc
Prečnik x hod	86.0 mm x 78.0 mm
Odnos kompresije	11.0 : 1
Vrsta pumpe	155 mm Axial Flow
Gorivo	Bezolovno benzinsko gorivo
Sistem napajanja gorivom	Elektronsko ubrizgavanje goriva
Kapacitet goriva	70 litara
Kapacitet ulja	5.3 litara

Dimenzije

Dužina	3.58 m
Širina	1.27 m
Visina	1.23 m
Suva težina (kg)	380 kg

Dodatne karakteristike

Kapacitet rezervoara prtljaga	168.3 litara
Kapacitet putnika	1-3 osobe
